If you do not agree to the terms of this Policy, please do not use the Site(s).

We reserve the right to change the provisions of this Policy at any time. We will alert you that changes have been made by indicating on the Policy the date it was updated. We encourage you to review this Policy from time to time to make sure that you understand how any personal information you provide will be used. What Is Personal Information?

As used herein, the term "personal information" means information that specifically identifies an individual (such as a name, address, telephone number, mobile number, e-mail address, date of birth, credit card number, social security number), or information about that individual that is directly linked to personal information. Personal information does not include "aggregate information", which is data we may collect about the use of the Site(s) or about a group or category of users, from which individual identities or other personal information has been removed. This Policy in no way restricts or limits our collection and use of aggregate information.

How Do We Collect Information, and What Types of Information Do We Collect?

We collect several types of personal information about you in a number of ways when you visit or use the Site:

Active Collection

We collect certain information when you voluntarily provide it, such as if you send us an email, request to be subscribed to our e-Newsletter, or you otherwise provide or request information. Such information may include various types of personal information. For some features of the Site, you may be able to submit information about other people. For instance, if you use another person's email address to subscribe to our e-Newsletter or use another person's contact information when submitting a photo gifting order, you may submit someone else's personal information. Company will use any such information that we collect from you about another person to carry out your request.

Passive Collection

When you use the Site, some information may automatically be collected such as your computer's, tablet's, or smart phone's operating system and browser. We treat this information as personal information if we combine it with or link it to any of the personal information mentioned above. Otherwise, it is used in the aggregate only.

We may also automatically collect certain information and monitor user activity through the use of

"cookies" (including persistent and/or session cookies) or web beacons (also known as web bugs, pixel tags, tracking pixels, or clear gifs) on the Site. A "persistent cookie" is stored on a user's [harddrive](#) until it expires (persistent cookies are set with expiration dates) or until the user deletes the cookie. Persistent cookies help websites remember your information and settings when you visit them in the future.

"Session cookies" are cookies that expire upon the conclusion of your visit to a website. These types of cookies are widely used to facilitate a consumer's interaction with a website. These cookies and web beacons will not be linked to any personal information. If you wish to block, erase, or be warned of cookies on the Site, please refer to your browser manufacturer to learn about these functions. However, if you choose to remove or reject cookies, this could affect certain features on the Site.

Remarketing

We work with a company called ReachLocal, which assists us in advertising our products and/or services. One of the products that we have purchased from ReachLocal is a remarketing product, which enables ReachLocal to show you advertisements for our Site when you visit other sites in the ReachLocal network or in third-party networks. ReachLocal is able to do this through the use of cookies that are provided by ReachLocal through its third-party partners (the "Advertising Cookies"). The sole use of these cookies is, as stated above, to simply show you advertisements for our site, they are not being used to track you in any other way. Moreover, ReachLocal does not link the information in the cookies or any other cookie to any personal information that you may have provided.

You may set most browsers to notify you if you receive a cookie, or you may choose to block cookies, though either of those actions may affect the use of our Site. However, if you wish to opt out of any of the Advertising Cookies, you can do this simply by navigating to <http://www.reachlocal.com/opt-out>, which will take you to a web page where you will be able to opt out of the Advertising Cookies currently used in connection with ReachLocal's remarketing product.
